nmence Tuesday-Ge hntered-The Trials. The prospect is good that the spring races here will be a perfect success. Quite a number of outside horses have already arrived, which should insure the filling of every race. There are a good many local horses that have been put to the test and pronounced ready. The secretary, Mr. Ayres, is busy, and he and the other officers will doubtless leave nothing undone to make the races

Richmond is large enough to establish a race association, and should have one which would be a credit to the State. The lovers of good horses are anxious to do what they can, and all that is needed is a fair patronage at the gate. Mr. Walsh's gray mare "Lulau is the favorite in some quarters as to speed, while the five-year-old gelding "Richmond" of Colonel Carrington has a few friends that think he can take her into camp easily and are willing to

verify their judgment.
Mr. T. M. Hewitt has arrived with his great four-year-old "Roy" and three-year-old "Snowdrop." mer is a fast horse, and all expect to see some of the 50 class lower their colors if he starts therein.

There are rumors that a "dark horse" has appeared from Petersburg in the shape of a three-year-old filly, which has shown wonderful trials. It hoped that her owner will start her n the four-year-old race. If so, and Dame Rumor is correct, "Roy" will go to the half-mile pole at a terrible lip, and must finish at the same rate. There will be a hard fight in the 2:37

class, as the bay mare "Kentucky Girl," from Goldsboro', N. C., is here, which will keep "Lulau" and "Richmond" busy looking after the first place. An eye is upon one or two others for this race, but nothing definite is known of them. The races begin Tuesday the 4th, and

rill be continued the 5th.

It is rumored that there will be good many horses in the running races, though no entries have been made as

Following up the reduction made in through-passenger rates between New York and Pittsburgh, the Pennsylvania Railroad Company announce the issue, on and after to-day, of ten-days' ex-cursion-tickets between New York and Washington at a rate of \$10 and be-tween New York and Baltimore at a rate of \$8. Five-day excursion-tickets will also be sold between New York and Wilmington, Del., at a rate of \$5. This reduction is not only in the line of that policy which seeks to foster the growth of business whenever it shows a tendency towards improvement, but is also a further step toward disarming the ticket-scalpers who have been dealing in tickets between these important cities. A stop-over will be allowed on all of these tickets at Philadelphia; also at Baltimore on those issued be-tween New York and Washington. The issue of excursion-tickets will not be restricted to New York, but will extend to all the more important stations on the Pennsylvania railroad system.
